

## **Open your heart and home to a child!**

Children's Friend is seeking foster parents for young children. There are many children who are in need of a safe and nurturing home to live in. If you enjoy the company of children, have room in your home, and are willing to make a lasting impression on the life of a child, **please consider becoming a foster parent for Children's Friend.** We offer intensive training, support and reimbursement.

**We will be hosting an informational  
meeting at Children's Friend  
on Thursday, September 15, 2005  
6:00 – 7:00pm.**
